

This year, our SAVMA chapter was given a large sum of money from ALL for Students. We have guidelines on how to spend this money, and we have decided to continue a Travel scholarship fund. We will be basing money allocation on the number of applicants that we get this year.

The applications are due on March 28th

The SAVMA Travel Scholarship provides toward travel/ housing and registration expenses incurred while pursuing veterinary-related experiences (available as reimbursement for recent travel). This includes veterinary conferences, externships, professional development seminars, etc. **Applicants must be SAVMA members in good standing.** Members in good standing must have paid annual SAVMA dues and acquired the necessary SAVMA points according to their class year. Applicants may apply for funding towards only one travel event per year. We will consider every application and unless the applicant is not in good standing or cannot provide proof of attendance money will be awarded. Third and Fourth years can apply for this based on previous externships that you have attended.

If selected as a scholarship recipient by the SAVMA executive board, scholarships will be distributed by June 1st 2019. Selected applicants will be required to submit some proof of attendance (originals or copies) prior to disbursement of funds. **Trips taken within the last school year prior to application**

deadline are eligible. So June 1st 2018- June 1st 2019. Please let me know if you have any questions!

I encourage all of you to apply! The application is in a word document form and should be emailed to mp2149@msstate.edu

Please do not include your name (only student ID numbers) so there will be no bias when voting on who will be awarded the scholarships.

Thank you!
